

National Dissemination Strategy and implementation

R.U.S.Z and D.R.Z are pioneer social economy enterprises in Austria

Wellknown in Vienna/Austria as reinventors of repair services and high quality treatment of WEEE

123 employees, €4,5 Mio. turnover

Best practices in the UN-Habitat data base

National Dissemination Strategy and implementation

RepaNet

Was the name of an EQUAL project which set up

- 5 repair networks in 4 federal states, now it
- organizes 25 social economies within WEEE
business

RepaNet

Association founded together with ARGE Waste
Prevention being an Austrian umbrella organisation

RepaNet

Member of RREUSE

National Dissemination Strategy and implementation

LEONARDO Recycle-Set

Dissemination of products to external stakeholders

By organizing a big conference in Vienna

Added value strategy

- Combination with another conference on “3rd Sector Policy” of the European Union
- Commissioner Spidla as the key-note speaker
- Austrian Minister for Economy and Labour
- stakeholders from economy and labour policy
- NGOs

National Dissemination Strategy and implementation

LEONARDO Recycle-Set

Dissemination of products to external stakeholders

Added value strategy

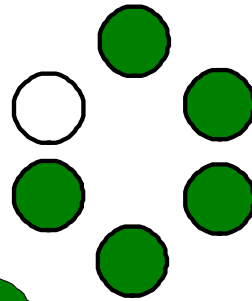

I expect 150 – 200 stakeholders in the audience representing different target groups

The conference will take place in Vienna

The exact date will be communicated after we have an agreement with Mr. Spidla
