About RREUSE

RREUSE is an independent non-profit organisation representing social enterprises active in the field of re-use, repair and recycling, with 27 members across 25 countries in Europe and the USA. Our main vision is for Europe to support the role of social enterprise in a circular economy, providing meaningful work opportunities to thousands of vulnerable members of our community through innovative economic, social and environmentally beneficial activities. RREUSE's primary mission is to help tackle poverty, social exclusion and a throwaway culture by promoting policies, best practices and partnerships that support the professionalism and development of social enterprises working in environmental services with high potential for local and inclusive job creation, notably re-use and repair.
